Su un supporto trattato con Kebana Decoprimer, applicare uniformemente una mano di Kebana Fonderia con spatola in acciaio inox.

Dopo almeno sei ore, applicare la seconda mano di Kebana Fonderia con spatola in acciaio inox, spruzzare piccole quantità di acqua sulla superficie e lisciare con una spatola in plastica, eseguendo movimenti verticali per ottenere l'effetto dilavamento.

Possono esserci lievi differenze tra i colori di questo catalogo e quelli di produzione.  
Controllare sempre il colore con la luce diurna indiretta o lampade opportunamente tarate.  
There maybe slight differences between the sample color cards and the actual color produced.  
Always check colors in indirect daylight or with lights suitably adjusted.
